ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series*:

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith

Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson

FIRST NATIONS WATER RIGHTS REPORT

BAND: Kitamaat Village Council (Haisla Nation)

ADDRESS: P.O. Box 1101, Kitamaat Village, B.C., V0T 2B0

CHIEF: Chief Robert Robinson

PHONE: 639-9361 **FAX:** 632-2840

AFFILIATION: Independent

LOCATION:

The Kitamaat First Nation occupies seventeen reserves in an area located south of the town of Kitimat. The reserves range in size from 1.4 to 189 hectares and occupy a total land area of 665.4 hectares. The reserves are:

Bees 6	Crab River (Crab Harbour) 18
Henderson's Ranch 11	Tsinqueise (Minette Bay) 5
Kildala River (Thala) 10	Giltoyees 13
Kemano 17	Kitamaat (Colichan Ground or Old Town) 1
Kitamaat 2	Kitlope 16
Kitisa 7	Misgatlee (Foch Lagoon) 14
Kuaste (Mud Bay) 8	Tosehka (Eagle Bay) 12
Tahla (Kildala) 4	Wekellals 1
Walth 3	

Of Kitamaat reserves, water rights have been allocated on:

Kitamaat 2: a 156.2 hectare reserve located south of the town of Kitimat on the east coast of Kitimat Arm.

The most recent population figures compiled by the Ministry of Finance indicate that the Kitamaat Band has a total population, including registered and non-registered members, living on- and off-reserve, of 1,348.

The seven Kitamaat reserves occur in the Coastal Western Hemlock Biogeoclimatic Zone. The reserves lie at sea level, and experience a climate in which average daily temperatures range from lows of -5 degrees centigrade in January, to highs of 16 degrees centigrade in July. Annual rainfall for the area averages more than 250 centimeters.

WATER ALLOCATIONS:

There are no records of allocations made by either the Indian Reserve Commission, by Order-in-Council of the Lieutenant Governor in Council, or by Order of the Board of Investigation. Further, there have been no actions to amend, cancel, or record as abandoned, licenced rights pursuant to provisions contained in the *Water Act*.

The water rights of the Kitamaat Band have been determined by one action of government over the years:

- 1) The issue of water licences in response to Federal Government applications requesting authorizations for the use of water on reserve lands.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Kitamaat Band with respect to Long Spring, Sandy Brooks, and Wathl Creek are as follows:

Long Spring & Sandy Brooks:

History:

Mar 15, 1941 The Comptroller of Water Rights issued Final Water Licence 11268 to the Director of Indian Affairs, on behalf of the Kitamaat Band. The licence was assigned a precedence date of December 29, 1940 and authorizes the diversion of 25,000 gallons per day from Long Spring and Sandy Brooks, for domestic purpose, on Kitamaat Reserve No. 2.

Current Status:

Final Water Licence 11268, for the use and benefit of the Kitamaat Band, is the only licence active on Long Spring and Sandy Brooks.

The Water Survey of Canada has no records of streamflow for either Long Spring or for Sandy Brooks. No other current information regarding water availability on these sources was located during the course of this investigation.

Notes:

1. Under current licensing practice Final Water Licence 11268 would be issued for domestic and waterworks purpose. The amendment of the licence to include waterworks, would qualify the Long Spring and Sandy Brooks drainage areas for designation as "Community Watersheds" under provisions contained in the Forest Practices Code.

Wathl Creek:**History:**

Dec 31, 1963

In response to an application filed by the Director of Indian Affairs on behalf of the Kitamaat Band, the Comptroller of Water Rights issued Conditional Water Licence 25955. The licence was assigned a precedence date of October 8, 1959 and authorizes the diversion of 60,000 gallons a day from Wathl Creek for waterworks purpose. The appurtenant lands are defined as Kitamaat Reserve No. 2, Range 4, Coast District.

Current Status:

Conditional Water Licence 25955, registered for the use and benefit of the Kitamaat Band, is the only licence active on Wathl Creek.

The Water Survey of Canada has no records of streamflow on Wathl Creek. No other current sources of water availability data on the Creek were located.

Notes:

1. Because Conditional Water Licence 25955 is issued for waterworks purpose, the Wathl Creek drainage area qualifies for designation as a "Community Watershed" under provisions contained in the Forest Practices Code.

OTHER INFORMATION:**Groundwater Records:**

A review of records maintained by the MELP - Groundwater Section found that no wells have been reported on any of the Kitamaat Reserves. However, as the provision of well information to the Groundwater Section is voluntary, this review should not be assumed to be complete.

Alternate Water Sources:

The proximity of Kitamaat Reserve No. 2 and Tsinqueise Reserve No. 5 to the town of Kitimat presents the potential for water supply to these reserves via connection to the Kitimat municipal water system.

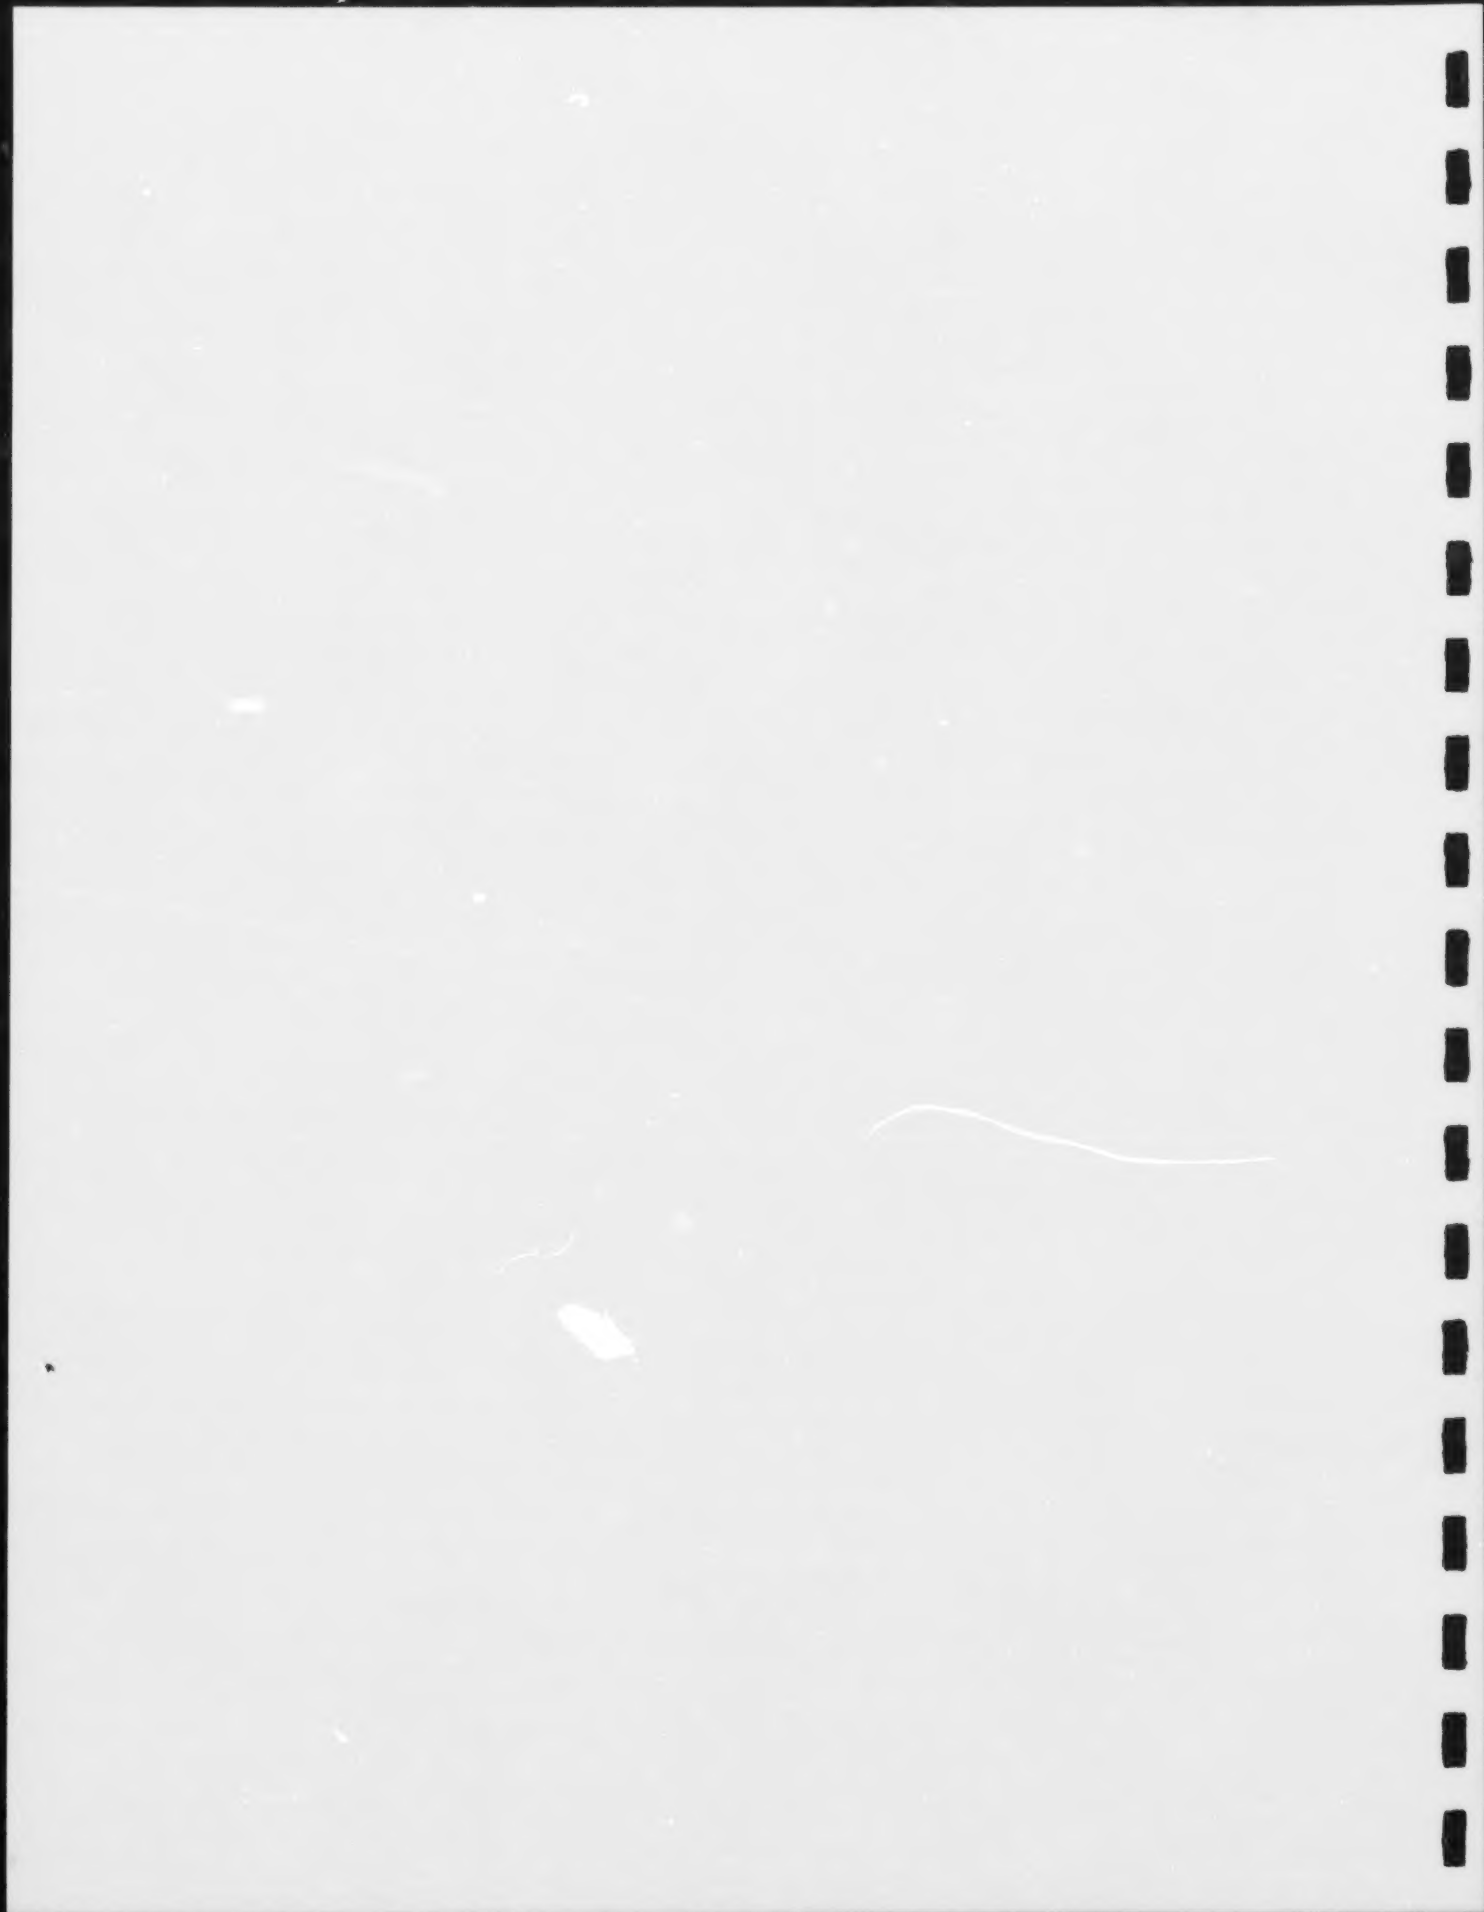

Water Protection Records:

The MELP - Water Protection Section records report that a .55 kilometre dyke is in place on Wathl Creek within Kitamaat Reserve No. 2. This dyke is maintained by the Band.

Summary of Water Rights Records

Kitamaat First Nation

Water Source	Priority Date	Reserve Name	File No.	Document Type	Status	Superceded By	Licence PUC/MOD & OIC Allotments	Comments
Long Spring, Sandy Brooks	1940/12/29	Kitamaat 2	0142699	FL 11268	Current		25,000 GAD/Domestic	FL 11268: Under current licencing practices "Waterworks" purpose would be assigned. Amendment of purpose to waterworks would qualify the Long Spring and Sandy Brook drainage areas for designation "Community Watersheds" under provisions contained in FPC.
Wathl Creek	1959/10/08	Kitamaat 2	0227946	CL 25955	Current		60,000 GAD/Waterworks	CL 25955 - Purpose: "Waterworks" purpose qualifies Wathl Creek drainage area for designation "Community Watershed" under provisions contained in the FPC.

LANDS AND FORESTS

CONDITIONAL WATER LICENCE

Director of Indian Affairs, of Ottawa, Ontario,

is/are hereby authorized to divert and use water as follows:—

- (a) The source (s) of the water-supply is/are Wathl Creek.
- (b) The point (s) of diversion is/are located as shown on the attached plan.
- (c) The date from which this licence shall have precedence is 8th October, 1959.
- (d) The purpose for which the water is to be used is waterworks.
- (e) The maximum quantity of water which may be diverted is 60,000 gallons a day,
and such additional quantity
as the Engineer may from time to time determine should be allowed for losses.
- (f) The period of the year during which the water may be used is the whole year.
- (g) The land upon which the water is to be used and to which this licence is appurtenant is
Indian Reserve No. 2 (Kitimat), Range 4, Coast District.
- (h) The works authorized to be constructed are pump, pipe, reservoir and distribution system
and they shall be located approximately as shown on the attached plan.
- (i) The construction of the said works ~~shall be commenced on or before the~~ ^{has been} ~~20th day of~~ ^{shall be}
~~oct~~ ^{, 19} ~~20th day of~~ completed and the water/beneficially
used on or before the 31st day of December, 1963.
